Name : S.Harish

Reg.no: 192524413

EXP 14 : Create a Virtual Hard Disk and allocate the storage using VM ware Workstation.

Aim:

To Create a Virtual Hard Disk and allocate the storage using VM ware Workstation.

Steps:

1. Download VMware software and install it as Type-2 Hypervisor.
2. Download Ubuntu or tiny os as ISO image file.
3. In VMware workstation → Create new VM
4. Do the configuration based on given conditions.
 - a. Add extra Hard disk and allocate Storage to it .
5. Created a virtual Machine .
6. Launch the VM.

Implementation:

1. Download and open VMware software.

2.Create a new VM

Name it anything→click on next→Adjust the size of disk → change the option to first and then click on next.

Click on Finish to Launch .

3.VM is created

Ubuntu (7)

Power on this virtual machine

Edit virtual machine settings

Devices

Memory	4 GB
Processors	2
Hard Disk (SCSI)	10 GB
CD/DVD (SATA)	Auto detect
Network Adapter	NAT
USB Controller	Present
Sound Card	Auto detect
Printer	Present
Display	Auto detect

Description

Type here to enter a description of this virtual machine.

Virtual Machine Details

State:

Powered off

Configuration file:

C:\Users\G POOJITHA\Documents\Virtual Machines\Ubuntu (7)\Ubuntu (7).vmx

Hardware compatibility:

Workstation 17.x virtual machine

Primary IP address:

Network information is not available

4. Double-click on Hard disk and Click on add and create a new Hard disk

Help

Add Hardware Wizard

Specify Disk Capacity

How large do you want this disk to be?

Maximum disk size (GB): 15.0

Recommended size for Ubuntu: 20 GB

☐ Allocate all disk space now.

Allocating the full capacity can enhance performance but requires all of the physical disk space to be available right now. If you do not allocate all the space now, the virtual disk starts small and grows as you add data to it.

☒ Store virtual disk as a single file

☐ Split virtual disk into multiple files

Splitting the disk makes it easier to move the virtual machine to another computer but may reduce performance with very large disks.
